

Authorization for Medication During Afterschool Hours

If needed, my child may have non-prescription medication administered by Afterschool personnel. Please check which medication your child may have.

----- **Benadryl/antihistamine (for allergic reactions)**

----- **Hydrocortisone cream (for insect bites)**

----- **Neosporin (for cuts and/or abrasions)**

----- **Bactine spray (for cuts and/or abrasions)**

----- **Tylenol (for fever/pain)**

----- **Motrin (for fever/pain)**

We may administer Tylenol or Motrin if your child has a fever to decrease discomfort. Whenever your child has a fever or is too sick to participate at school, you will be called to pick up your child. If a prescription medication is necessary, it must be in the original container and left in the office. We will keep the above medications on hand in the office.
